Rock.It Boy Entertainment presents

## The Lonely – A Tribute to Roy Orbison

The **Big O** was unmistakable with his trademark sunglasses, his distinctive, powerful voice, his complex compositions and the dark emotional ballads we all love. From 1960 to '64 **Roy Orbison** landed 22 songs on the **Billboard Top 40**, including "**Only The Lonely**", "**Crying**", and "**Oh, Pretty Woman**". His impassioned voice, bridging the gap between baritone and tenor, coupled with his signature arrangements ensured the charting of the hits "**Dream Baby**", "**Ooby Dooby**", "**Blue Angel**", "**Blue Bayou**", "**You Got It**" and "**In Dreams**". Tragically, his life was cut short, leaving us only the music.

And, long may the music live! **THE LONELY** delivers a sensitive and dynamic tribute to the one and only **Roy Orbison**. Veteran Mike Demers leads this group of musical journeymen in their mutual and deep appreciation of the timeless music of the **Caruso of Rock**. **THE LONELY - A Tribute to ROY ORBISON** approaches the music with a humble spirit and sincere desire to recreate the sounds and feel of the original recordings. The band has been selling out shows right from their debut. Tina Coldwell of **TLC Entertainment** says, "One of the best tributes I've seen and I've been in the biz for 22 years." Be there or be square!

# Chilliwack Art Gallery

*Chilliwack Visual Artists Association presents*

## Transition

“Transition” is the theme chosen by the members of the CVAA for their first show of the 2016 season. It is a theme which is very appropriate for the changing of the seasons at this time of the year, with the hope of a not too distant spring raising everybody’s spirits.

The word ‘Transition’ has many meanings in the dictionary., which artists can apply to their work, in whatever media: conversion, evolution, transformation, and alteration to name a few. How exciting a vista that opens up! We can use a change in our own circumstances: our country side with all the new growth springing up everywhere: changes in our own perception of what we see, or how we want to portray our own vision now: or something simple such as the change from day to night.

The possibilities are endless, so you can look forward to something different, something fresh and new from the CVAA.
